Even if you use a word processing program with spell check, proofread your work. Your final paper is expected to be well-written and error-free.

The usage of the **Publication Manual of the American Psychological Association (APA)(6th ed.)** format including the use of headings/subheadings, reference list, and title page is expected to be used as a guide for writing and citing sources. The APA format will be rigidly evaluated for accuracy, and proper APA style will carry significant weight in all written assignments. Grading criteria for written assignments will include, but not be limited to:

- Adherence to assignment specifications and grading rubric;
- Quality and clarity of writing and organization;
- Comprehensiveness;
- Level of analysis and understanding of course content applied;
- The extent to which course concepts, discussion and readings are reflected in the writing;
- Submission of assignments on the dates specified within the guidelines provided; and
- Extent of adherence to APA writing rules.

*\*Students who have writing concerns or want to improve their writing should consult the University of Tennessee writing center, resources on Blackboard, and/or other writing resources.*

### **Group Work Policy**

*Be aware, if one group member is not pulling their own weight, not showing up on time or at all for meetings, being difficult to deal with, or simply refusing to do work, then this member will receive an automatic zero for the project.* This is a professional program in which my goal is to prepare students to lead an organization. If students are not acting professionally then it brings the whole group down and this simply will not be tolerated here or in the workforce.

### **Late Assignment Policy**

Written assignments are expected to be submitted on their due date. Any assignment **NOT submitted** on the specified due date is subject to a **penalty of 10% off per day** until the assignment is turned in. **Any assignment that is more than 3 days overdue will not be accepted.** Extension requests are permitted on a case by case basis and only with documentation relating to an extenuating circumstance submitted in advance or within 24 hours of the posted due date and approved by the instructor in writing. Extenuating circumstances include, but are not limited to, loss of close relative, hospitalization, planned medical procedure, etc. Extension requests relating to student error or technological issues will not be considered. **No quizzes will be accepted after 10:59 PM Central on April 27<sup>th</sup> for any reason.**

### **Details of Graded Assignments**

#### **Quizzes (30%)**

All quizzes are located on your Canvas course site under the tab "QUIZZES." There are 3 quizzes, which are open book and open note, but you are not permitted to share answers or discuss the quiz with other students. **Sharing answers or helping each other constitutes cheating and will result in disciplinary action.** Each quiz will be timed and you have 1 hour to complete each quiz. **Once you open a quiz, you must complete the quiz.** The format for quizzes will include multiple-choice and short answer questions covering the content of each unit's readings, online resources (as noted under quiz description), and lectures. Quizzes shall cover all course competencies as outlined in the Grade Distribution table above. More information on the quizzes can be found on the online course site.

The Course Outline provides a recommended schedule for completing the quizzes in a timely manner. Completing the quizzes on this schedule will ensure you have ongoing feedback as to how

you are doing in this course. You are strongly advised against waiting until the last minute to complete the quizzes.

**Quizzes must be completed by 10:59pm CST on April 27, 2015.**

### **Leadership Self-Assessment (30%)**

The purpose of this assignment is to help you develop an insight into your style of leadership and your inherent strengths as a leader. A central part of this paper should be candid, open examination of how you function as a leader within organizations in which you have participated. Please note: You do not have to be in a managerial or leadership position to be a leader. You should write reflectively using first person language and integrating required readings and other research as appropriate. Your paper should be no more than 7 pages (typewritten, **double-spaced**, Times New Roman, 12-point font) in APA format. **Papers over 7 double-spaced pages will receive a 10% per page deduction on their final grade (title and references pages do not count towards the page limit).** Papers will be graded based on the instructions and detailed grading rubric provided on the course site.

**The Leadership Self-Assessment is due by 10:59pm CST on February 12<sup>th</sup>.**

### **SWOT Analysis Presentation (30% Group Project)**

A key component of social service leadership is to understand the program in which you work and to identify and develop those aspects of the program, which are in need of development. Students will conduct an analysis of the Strengths, Weaknesses, Opportunities and Threats (SWOT) present for a not-for-profit organization within the current economic and political landscape. A SWOT is a key component in implementing solid strategic planning.

**In groups of 3-4, students will conduct this analysis and provide a 15-20 minute presentation to the class.** Students will self-select into groups during an in-class activity. Students are STRONGLY encouraged to obtain necessary information via web based resources, in-person or telephone interviews, organizational material, etc.

One student will be elected or volunteer to serve as the leader of the group. It is expected that over the course of the semester students will experience issues that are commonly experienced in work teams. The team's ability to manage these issues with professionalism and fairness will be evaluated as a part of this assignment. Responsibilities of the group leader include, but are not limited to, communication and scheduling with the instructor, ensuring all deadlines are met and assignment instructions are followed, and ensuring all group members have a fair and equitable workload. All groups will be required to meet with the instructor at least once via Zoom prior to the scheduled group presentation. Each student is also required to submit a group contribution statement, which will be graded as part of the project. Detailed assignment instructions, grading rubric and submission instructions can be found on the online course site.

**SWOT Presentations are due on April 16<sup>th</sup> or 23<sup>rd</sup>.**

### **Class Attendance and Workshop Participation (10%)**

Throughout the semester students will have an opportunity to identify and practice their strengths, address areas for improvement, and apply course concepts during in class workshops and activities. Students must be present in class and complete workshop reflection sheets in order to get full credit for class attendance and participation. Workshop reflection sheets are due at the end of each class period.
