Course Description

This is a required generalist course: Instruction and supervision in generalist social work practice. This course includes a seminar and agency-based internship. The focus is on the application of social work knowledge, values, ethics, and skills to the practice setting. This course is a continuation of SW 542 Generalist Field, which begins in the Fall Semester. Students continue in the same agency placement for SW 544. Students continue to integrate and apply generalist content and demonstrate mastery of generalist competencies.

The generalist field practicums draw upon the content of all academic courses as the student uses the field agency experience to identify, apply, practice, and integrate generalist social work knowledge and skills. Through provision of client services students refine direct practice skills and apply the steps of evidence-based practice. In the field agency setting, students are also able to identify and integrate knowledge of social, economic, and political environments, social welfare policy, and develop advocacy skills to advance social justice for at-risk populations. This course enables students to develop a deepening awareness of issues of diversity and oppression in direct and indirect practice contexts and activities.

Course Rationale

Generalist Field is critical to the students’ capacity to integrate the broad knowledge base required for effective generalist social work practice regardless of setting. The field practicum experience enables students to identify and respond to issues of social justice, deepen awareness of and sensitivity to diversity, and use an ecological approach to solving real client problems. The generalist field courses lay the essential groundwork of generalist practice competencies preparing students to progress to concentration field.

Course Competencies

By the completion of this course, students are expected to be able to demonstrate appropriate mastery of the following competencies. Students will learn, practice, and demonstrate the competencies through activities and assignments specified on their learning plans. The learning plans include required assignments for each competency and individualized, context-specific assignments developed by the student and field instructor.

Competency 1–Demonstrate Ethical and Professional Behavior.

Competency 2 –Engage Diversity and Difference in Practice.

Competency 3 –Advance Human Rights and Social, Economic, and Environmental Justice.

- Students must complete a minimum of 224 hours in the agency placement. These hours must be documented on the student’s time sheet in IPT and approved by the Field Instructor. The Field Instructor’s signature at the end of the semester signifies approval. Generalist field is a sequence of courses. Full time students complete 542 and 544. Students may not commence Advanced Field before completion of a total of 352 generalist field hours.
- Students are responsible for completing and submitting all field-related documents by the due dates provided to them at the beginning of the semester.
- Students must complete the learning activities listed on their learning plans and must enter sufficient information in the column *Evidence of Plan Completion* to document satisfactory completion.
- Students must receive a Satisfactory in Field Seminar in order to receive a Satisfactory grade for SW 544. Requirements for a Satisfactory grade in Field Seminar are as follows:
 - Attendance of seminar sessions and/or completion of makeup assignments for missed sessions.

 - Adequate completion of all written assignments and discussion boards, with attention to content, clarity, depth of thought, and organization.

- Students are expected to receive a rating of at least 3 on each practice behavior on the End of Semester Evaluation. The Field Instructor assigns this rating. If a student does not receive a rating of at least 3 on each practice behavior, the student is in jeopardy of receiving a grade of No Credit for the course. **If a student receives the grade of NC for SW 544, s/he will be dismissed from the MSSW program.**

Evaluation Rating Scale

The Field Instructor assesses the student's demonstrated competency for each practice behavior, reviewing the evidence entered by the student and assigning a rating using the evaluation scale below.

4 = Advanced Competence - Student consistently demonstrates effective integration of knowledge, values, and skills at a more advanced level than would be expected for a student at this point in the MSSW program student consistently exceeds performance expectations. Student goes "above and beyond" on assignments and consistently seeks and integrates feedback to enhance competency.

3 = Competence – Student demonstrates consistent integration of knowledge, values, and skills at the expected level of performance for a student at this point in the MSSW program. Student is meeting expectations on all assignments and integrates feedback to enhance competency.

2 = Emerging Competence – Student demonstrates beginning capacity to integrate knowledge, values, and skills. Student is using feedback to build competency, but performance is not yet at the expected level for where the student is in the MSSW program.

Please note: Emerging competence is an acceptable rating at midterm and at the end of the semester **UNLESS** the 2 is assigned on the end of semester evaluation for the student's final semester in the placement. Students are expected to demonstrate appropriate competence and receive a rating of at least 3 on all practice behaviors by the end of the placement.

If a student earns multiple ratings of 2 on an evaluation, the student and field instructor should discuss and document what is needed for the student to achieve competence and forward the documentation to the field coordinator.

1 = Insufficient Competence – Student does not demonstrate essential knowledge, values, and/or skills. Student is not completing assignments adequately and is not responding appropriately to feedback. This student may receive a grade of No Credit for field.

NI= Not Initiated – (Mid-term Evaluation only) – This rating signifies that student has not yet had the opportunity to complete specific assignments and to demonstrate the relevant knowledge, values and skills.
