Code of Conduct
It is the student's responsibility to have read the College of Social Work Ethical Academic and Professional Conduct Code that is in the College of Social Work MSSW Handbook (www.csw.utk.edu). Students are also expected to sign and adhere to the Social Work Field Placement Code of Conduct.

The Honor Statement
An essential feature of The University of Tennessee is a commitment to maintaining an atmosphere of intellectual integrity and academic honesty. As a student of the University, I pledge that I will neither knowingly give nor receive any inappropriate assistance in academic work, thus affirming my own personal commitment to honor and integrity (Hilltopics).

University Civility Statement
Civility is genuine respect and regard for others: politeness, consideration, tact, good manners, graciousness, cordiality, affability, amiability and courteousness. Civility enhances academic freedom and integrity, and is a prerequisite to the free exchange of ideas and knowledge in the learning community. Our community consists of students, faculty, staff, alumni, and campus visitors. Community members affect each other’s well-being and have a shared interest in creating and sustaining an environment where all community members and their points of view are valued and respected. Affirming the value of each member of the university community, the campus asks that all its members adhere to the principles of civility and community adopted by the campus: http://civility.utk.edu/.

Disability
If you need course adaptations or accommodations because of a documented disability or if you have emergency information to share, please contact The University of Tennessee, Knoxville Student Disability Services office at 100 Dunford Hall (865) 974-6087. This will ensure that you are properly registered for services.

Dimensions of Diversity
The College of Social Work and the University of Tennessee welcome and honor all people. In accordance with the U.S. National Association of Social Workers (NASW) and the U.S. Council on Social Work Education (CSWE 2015 Educational Policy Statement), “the dimensions of diversity are understood as the intersectionality of multiple factors including” age, class, color, culture, mental or physical disability and ability, ethnicity, gender, gender expression, gender identity, immigration status, marital status, national origin, political ideology, race, regionality, religion and spirituality, sex, sexual orientation, and tribal sovereign status. The College values intellectual curiosity, pursuit of knowledge, and academic freedom and integrity. “A person’s diverse life experiences may include oppression, poverty, marginalization, and alienation as well as privilege, power, and acclaim” (CSWE 2015 Educational Policy Statement). The College of Social Work promotes social justice and social change, and strives to end discrimination, oppression, poverty, and other forms of social injustice.
Course Description
This course is a concentration elective course. This elective course draws from research data that explore the effects of deployment and combat stress on the physical and mental health of active duty U.S. service members and their families. Modalities grounded in a synthesis of trauma, attachment and cognitive-behavioral theories include individual, couple/family, group and clinical case management approaches. Attention to issues of diversity, ethics and use of “professional self” will be included throughout all clinical case discussions. Clinical issues involve intimate partner violence, complex responses of PTSD, other anxiety disorders, depression, suicidality, substance abuse and traumatic brain injury. Managing secondary trauma and the role of transference/countertransference phenomena are central in all discussions. Priority is given to students who have worked with or who anticipate working with service members, Veterans and their families. In order to include a global perspective, cultural relativity and universality of responses to traumatic events related to armed conflict and war are also highlighted.

Course Rationale
The wars in Afghanistan and Iraq represent America’s longest continuous combat engagement. We are challenged with a military that is exhibiting the consequences of long and multiple combat deployments and a rapidly growing veteran population in need of a wide range of combat-related physical and mental health care services. Every community in the United States has been affected, and service delivery systems are trying to respond. There is an urgent need to understand and engage with the military service members, Veterans, their families, and their communities in effective practices. Early in World War II the social work profession recognized the pressing need for clinical services, leading to the creation of a “military social work” specialization. Specialized education to prepare social work students and professional social workers to aid this population is clearly indicated (Council on Social Work Education, 2010).

Course Competencies
By the completion of this course, students (through course activities, assignments, and/or exams) are expected to be able to:

1. Recognize the historical context for psychological responses and treatment methods for combat Veterans and their families throughout the deployment cycle. (EBIP-1.5-1.7; MLCP-1.5-1.7; EBIP-2.8; 3.7; MLCP-2.7; 3.7-3.8; EBIP-3.8-3.9; 4.7-4.9).

2. Identify and critically assess the risk and protective factors in coping with traumatic stress. (EBIP-1.5-1.7; MLCP-1.5-1.7; EBIP-2.8; 3.7; MLCP-2.7; 3.7-3.8; EBIP-3.8-3.9; 4.7-4.9).

3. Identify and assess the neurobiological factors related to traumatic stress and subsequent behavioral and affective responses within socio-cultural context. (EBIP-1.5-1.7; MLCP-1.5-1.7; EBIP-2.8, 3.7; MLCP, 2.7, 3.7, 3.8; EBIP-3.8, 3.9, 4.7-4.9; MLCP-4.7-4.9).

4. Identify and assess the residual effects of combat and deployment stressors in relational and attachment patterns. (EBIP-1.5-1.7; MLCP-1.5-1.7; EBIP-2.8; 3.7; MLCP-2.7; 3.7-3.8; EBIP-3.8-3.9; 4.7-4.9; MLCP-1.5-1.7; 3.8).

5. Identify the role of diversity, ethics and use of “professional self” with all clinical modalities. (EBIP-1.5-1.7; MLCP-1.5-1.7; EBIP-2.8, 3.7; MLCP-2.7; 3.7-3.8; EBIP-3.8-3.9; 4.7-4.9; MLCP-1.5; 4.7-4.9).

6. Develop beginning knowledge and skills in individual, couple/family, group and clinical case management methods with clients coping with the aftermath of combat and deployment stressors. (EBIP-1.5-1.7; MLCP-1.5-1.7; EBIP-2.8; 3.7; MLCP, 2.7, 3.7, 3.8; EBIP-3.8, 3.9; 4.7-4.9MLCP-1.5; 4.7-4.9).

7. Identify explicit and implicit ideological, policy and value assumptions inherent in the clinical work with
combat Veterans and their families. (MLCP-1.5-1.7; 2.6-2.9; 3.9; 4.6-4.9).

8. Evaluate and critically assess the relationship between social welfare policy and clinical social work practice and how it impacts combat Veterans and their families. (MLCP-1.5-1.7, 2.6-2.9, 3.9, 4.6-4.9).

**College of Social Work Grading Scale:**

A (95-100) Outstanding/Superior - Exceptional performance. Consistently exceeds expectations.
B+ (90-94) Very Good. - Student consistently meets, and occasionally exceeds, normal expectations for the course.
B  (85-89) Good - Student consistently meets normal expectations for the course.
C+ (80-84) Average - There is unevenness in grasping course content. Student is inconsistent in meeting normal expectations for the course.
C  (70-79) Poor - There is lack of understanding of course content. Student does not meet course expectations.
F (69-Below) Very Poor - There is a lack of attendance or incomplete assignments. Course expectations are not met.

**LATE ASSIGNMENTS:**
Late assignments may result in up to 1 point deduction per day. After the fifth day the assignment may not be accepted, resulting in a grade of zero for that assignment.

**Course Assignments:**

**Assignment 1: The Role of Mental Health during Deployment (30/100 of Course Grade; CC-1, 2, 3, 4, 5)**
Students will read “Rule Number Two: Lessons I Learned in a Combat Hospital”. A framework for the paper is provided with the questions found below. The paper should be 8-9 full pages, double-spaced (do not count cover page and bibliography). References are an indication of integrating class learning, required and optional readings, into this assignment. They will increase the overall quality of the paper. Please use APA style for all citations and references.

The paper should analyze the unique relationships of the clinician as a service member, clinician and member of her own family, within the context of the military culture
in the deployed environment. Each of the following questions must be clearly addressed in the paper:

(1) Describe LCDR Heidi Squier Kraft’s role and her use of “professional self” during her deployment. (5 points)
(2) Identify risk and protective factors evident in the service members seen as patients by LCDR Kraft. (3 points)
(3) Identify and assess the effects of combat and deployment stressors in LCDR Kraft’s relationships with fellow medics and her family back home. (5 points)
(4) Describe ethical issues and their clinical implications for working with military members in a combat environment. (5 points)
(5) Identify policy issues evident in clinical work with service members in a deployed setting, as evidenced by LCDR Kraft’s experiences. (5 points)
(6) What thoughts do you have regarding your ability to work with military personnel and their families? What preconceptions, if any, did you have about service members and active duty mental health providers in a deployed environment before reading the book? (2 points)
(7) If possible, what policy would you change or service would you make available, that could impact clinical practice with service members/Veterans and their families that is not already in place? (5 points)

Due: Feb 13, 2019

Assignment 2: “Military Service – Implications for Individuals and Families”
(30/100 of Course Grade; CC-4, 6, 7, 8)

Students will interview someone who served or is currently serving in the military. Students must get advance approval of the person they plan to interview. A framework for the paper is provided with the questions found below. The paper should be 6-8 full pages, double-spaced, not counting cover page or bibliography.

For the Service Member or Veteran interviewed:
1) Why did they enter the military? What impact did this decision have upon their family? Did values/belief systems change between entering the military and during their time in service? (10 points)
2) How did they characterize the relationship between the military, its mission and their personal and/or family life? What military core values/traditions did they identify with most, and why? (5 points)
3) How has military service impacted who they are today? If they have experienced combat, deployment or family separation, what was the impact on their lives, or their family? If the interviewee is a Retiree or Veteran, how did they describe their transition to civilian life? What helped them in the transition? What challenges did they face during the transition? (10 points)
4) Based upon your interview, what did you learn about military life and culture that you did not know before the interview? (5 points)

Due: March 13, 2019

Assignment 3: Issues in Military Social Work (30/100 of Course Grade; CC-2, 4, 5, 6, 7, 8)

Students will complete a paper based upon a case vignette, provided by the instructor, regarding military members and their families. The paper should be 8-9 full pages, double-spaced (not counting cover page and bibliography). References are an indication of integrating class learning, required and optional readings, into this assignment. They will increase the overall quality of the paper. Please use APA style for all citations and references.
The paper must include the following:
1) A brief synopsis of the presenting problem(s) (3 points)
2) As it pertains to the assigned vignette, describe how to establish an effective therapeutic relationship that addresses the unique issues associated with confidentiality and reporting requirements within a military setting. Using the vignette, describe the potential stigma, risks, and benefits of seeking or not seeking treatment, as well as how the clinician would effectively engage and interact with military unit leadership and family members. (10 points)

3) Discuss what clinical interventions would be appropriate for problems identified in the assessment. Include community and military specific programs and services that may be utilized. (7 points)

4) Identify the risk and protective factors in the vignette that are associated with deployment, military service, and other life issues which impact resiliency. (5 points)

5) Describe any legal, ethical or policy issues identified in the vignette. Describe any diversity, gender or cultural issues, if any, associated with the vignette. (5 points)

Due: April 10, 2019

Discussion Board (8/100 points of Course Grade)
Active participation in class enhances the experience for everyone. Students are expected to participate in eight Discussion Boards. The instructor will post questions that pertain to the readings for the designated week. Participation will earn one point for each Discussion Board. Postings must occur the week of that class, between Thursday and 11:59 PM the following Wednesday.

Attendance and participation in the online classes may earn an additional total of two points toward the final grade.

Extra Credit (2 points; CC-1, 2, 3, 4, 5, 6)
The Medical University of South Carolina offers free training in Cognitive Processing Therapy. Completion of this online course, as evidenced by a certificate of completion provided to the instructor, will count for 3 points towards the final grade.
