

MSSW Field Placement Sites in Other States

The University of Tennessee Online MSSW Program partners with organizations in other states to provide student field placements. Every effort is made to develop and maintain a comprehensive array of options representing all of the varied fields of social work practice. Field Coordinators are continuously working to increase student access to placement settings that match students' interests and needs.

The list you will find below is intended to provide current and prospective students with a sample of the organizations with which the College of Social Work is currently affiliated. This list is organized by field of social work practice so that students may identify organizations that match their learning and career goals. Each organization's website, if available, is also listed so that students may investigate the types of programs and services offered by the agency.

The list is representative of the types of placements that are available, but not every organization listed offers placement every year. Circumstances within each agency change on a fairly frequent basis, which means that, for any specific semester, a placement may not be accepting students or may already have a student for the semester/year.

Students should use this information to prepare for planning meetings with the Field Coordinator and for agency interviews. **Students are not allowed to contact agencies directly to inquire about placement. If, after review of the agency website, the student has specific questions, s/he is to contact the Field Coordinator. Students must follow the placement planning procedure as stipulated in the MSSW manual and information provided by the Field Coordinator.**

A comprehensive list of field organizations, along with detailed information, is available in the online field database that students can access when they are enrolled in the MSSW program. Prospective students are encouraged to contact the Field Coordinator with any questions regarding availability of specific types of placement experiences.
