

se is an advanced elective for MSSW students. It is designed to provide understanding of psychopathology and dysfunctional behavior in terms of manifestation, etiology, dynamic causation and diagnosis as a basis for intervention.

## **Course Objectives:**

By completion of this course, the student is expected to be able to (through course activities, assignments and/or exams):

1. Describe different theoretical approaches or models for the study of psychopathology;
2. Identify the components of comprehensive assessment with individual clients, including the use of the mental status examination, differential diagnosis and psychosocial evaluation;
3. Identify, describe, and distinguish the major types of psychopathology including symptomology, etiology, and coping function served;
4. Identify theories of human growth and development that contribute to understanding psychopathology;
5. Describe the interaction of biological, sociological, psychological, risk and resiliency factors in the generation of psychopathology;
6. Identify the effects of ethnic, racial, cultural, economic, sexual orientation, age, gender, physical and mental ability characteristics on and vulnerability to maladaptive behavior;
7. Apply knowledge of psychopathology to formulate differential diagnosis and identify the implications of diagnosis for social work intervention;
8. Explicate an understanding of the ethical issues encountered in assessment and intervention in regard to psychopathology, and psychiatric diagnosis with clients and the ability to analyze ethical dilemmas that may arise.

## **Required Text:**

American Psychiatric Association (2000). Diagnostic and statistical manual of mental disorders (4<sup>th</sup> ed., Text Revision). Washington, DC: American Psychiatric Association.

## **Supplemental Texts:**

Kaplan, H.I. & Sadock, B.J. (1998). Synopsis of psychiatry (8<sup>th</sup> ed.). Baltimore, MD: Williams & Wilkins.

Maxmen, J.S. & Ward, N.G. (1995). Essential psychopathology and its treatment (2<sup>nd</sup> ed.). New York: W.W. Norton & Company.

## **Supplemental Readings (on reserve in the library):**

Adebimpe, V. R. (1994). Race, racism, and epidemiological surveys. Hospital and Community Psychiatry, 45, 27-31.

Becker, D. (2000). When she was bad: Borderline personality disorder in a posttraumatic age. American Journal of Orthopsychiatry, 70(4), 422-432.

- Cororve, M.B. & Gleaves, D.H. (2001). Body dysmorphic disorder: A review of conceptualizations, assessment, and treatment strategies. Clinical Psychology Review, 21(6), 949-970.
- Dulmus, C.N. & Rapp-Paglicci, L.A. (2000). The prevention of mental disorders in children and adolescents: Future research and public-policy recommendations. Families in Society: The Journal of Contemporary Human Services, 81(3), 294-303.
- Farmer, R.L., Walsh, J., & Bentley, K.J. (1998). Schizophrenia. In B.A. Thyer & J.S. Wodarski (Eds.), Handbook of Empirical Social Work Practice: Vol. I. Mental Disorders (pp. 245-270). New York: John Wiley and Sons.
- Gleaves, D.H. & May, M.C. (2001). An examination of the diagnostic validity of dissociative identity disorder. Clinical Psychology Review, 21(4), 577-608.
- Kraus, G. & Reynolds, D.J. (2001). The “A-B-C’S” of the cluster B’s: Identifying, understanding, and treating cluster B personality disorders. Clinical Psychology Review, 21(3), 345-373.
- Markward, M.J. & Bride, B.E. (2001). Oppositional defiant disorder and the need for family-centered practice in schools. Children & Schools, 23(2), 73-83.
- Murray, J.B. (1997). Munchausen syndrome/Munchausen syndrome by proxy. The Journal of Psychology, 131(3), 343-352.
- Williams, J. B., & Spitzer, R. L.; Kutchins, H. & Kirk, S. A. (1995). Should the DSM be the basis for teaching social work practice in mental health? Journal of Social Work Education, 31(2), 148-168.

### **Course Requirements:**

Midterm Examination (30% of final grade) – An in-class, midterm examination will be held on July 24, 2002.

Final Examination (30% of final grade) - An in-class, final examination will be held on August 7, 2002.

Term Paper (30% of final grade) – Students are expected to write a term paper on the effective treatment of a mental disorder of their choice. The paper should include the following:

- A. Historical and theoretical origins of the treatment approach.
- B. Description of the treatment approach
- C. Review of evidence of effectiveness
- D. Contraindications
- E. Diversity Issues
- F. Discussion/Implications for Social Work Practice

Alternative topics for the term paper may be considered (i.e., description of a novel or innovative treatment approach), but the student must obtain pre-approval from the instructor. The paper is due at the beginning of class on August 1, 2002.

The text of the paper should be no longer than 8 pages, and should follow the style conventions of the *Publication Manual of the American Psychological Association, 5<sup>th</sup> Edition*. The paper must include (including title page, abstract, and references). Among other things, this includes a title page, abstract,

and running head. Further, all papers must be in 12pt type, Times New Roman or Courier font, and with 1 inch margins on all sides. Points may be deducted for failure to follow APA style and format.

Article Abstracts (10% of final grade) – During the course of the semester, students must identify a total of three journal articles having to do with the course content and write a short summary of the article, highlighting its key points and/or findings. Each abstract should be no longer than one page.

**Grading Scale:**

A	93-100
B+	88-92.9
B	80-87.9
C+	77-79.9
C	70-76.9
D	60-69.9
F	< 60

**Course Policies:**

Incompletes will be given only according to the rules specified in the University of Tennessee Catalog. Please refer to the catalog for additional information.

All written assignments are due at the beginning of the class period on the date specified on the course outline. Assignments received after the deadline will receive a reduced grade.

University policy regarding religious holidays will be observed. As stated in the UT student handbook, any student may request to be excused from class to observe a religious day according to her/his faith.

Students are expected to come to class prepared to discuss the assigned readings.

**Class schedule:**

***Date***                      ***Topics and Readings***

**7/10/02**                      **Introduction, Review of Syllabus, Introduction to Psychopathology Assessment and Diagnosis**
