

Student consistently meets normal expectations for the course.

C+ (77-79) Average

There is unevenness in grasping course content. Student is inconsistent in meeting normal expectations for the course.

C (70-76) Poor

There is lack of understanding of course content. Student does not meet course expectations.

F (69-Below) Very Poor

There is a lack of attendance or incomplete assignments. Course expectations are not met.

Course Policies:

Students are expected to attend classes regularly, arrive on time, and remain in class until the class period concludes. Class participation is expected and the instructor reserves the right to give some weight, positive or negative, to classroom participation. Students are also expected to attend all classes. Except in the case of a medical or personal emergency, a student who wishes an extension of time for a written assignment should consult the instructor in advance. However, an extension is not automatic and there may be a grade penalty

Incompletes will be given only according to the rules specified in the University of Tennessee Catalog. Please refer to the catalog for additional information.

University policy regarding religious holidays will be observed. As stated in the UT student handbook, any student may request to be excused from class to observe a religious day according to her/his faith.

Students are expected to come to class prepared to discuss the assigned readings.
