Total Credit Hours		Total Credit Hours	

Advising/Graduation Checklist

Advising Checklist		Graduation Checklist	
Transfer Courses		GPA Requirement Met - 3.0 Cumulative	
Proficiency Credit		Minimum grade of C in all required courses	
Non-MSSW Electives		Incompletes Removed	
Certificate Program		Comprehensive Exam – semester of graduation	
		Apply to graduate - semester before graduation (wait for instructions from MSSW staff)	

Advising Notes

Students can take a maximum of 15 credit hours per semester unless approved by the MSSW Program Director and the Graduate School.

Students must take 6 hours of electives. **Students can begin taking electives after completion of all generalist requirements.** They can be taken in the summer after completion of all generalist requirements, or taken in the spring of year three. In addition to the MSSW electives, students may take a required course from the other concentration or another graduate level course (with approval).

Students enrolled in a graduate certificate program are required to take 9 hours of electives.

Dropped classes will likely impact time to graduation and financial aid eligibility. Transfer and proficiency credits will most likely result in fewer credit hours in a semester, and this may impact financial aid eligibility.
